

## HWCI NCAA POOL- INDIVIDUAL MULTIPLE ENTRIES (1995-2002)

Here is a list of all the people who have entered more than one entry in a given year. There have been 21 multiple entries submitted by 15 people (four have entered more than one entry at least twice). The first five dual entries yielded nada. The next three dual entries had at least one entry win money. In 2001, Robinson C. was the first person to enter three times and won 1st with his first entry. In 2002, nine people decided to enter at least twice, but only Scott T. came away with money (1st). In fact, Scott T. has entered two entries in the past four years, winning money in three of those years. Overall, those entering more than one entry have won just five times (23.8%).

Gareth M. is the only person to pick the same champion in each of his picks (though by accident, since he took over someone else's entry who failed to pay him). So he is 1-for-1 in dual entries. Scott T. is the only person to win with his 2nd (or 3rd) entry, showing that first instincts are better than you think (although sometimes the second entry is a wishful thinking entry).
