

## HWCi NCAA POOL- MULTIPLE ENTRIES

Here are the all-time HWCi NCAA Pool results for those who have entered more than once in a season. The first table shows the Individual Results of each person (years won / total number of times entered more than once). The second table shows the year-by-year results of each pool showing the number of people who have entered twice or three times (the max) and if any people have won. As you can see, people have entered at least twice 62 times, winning something only 8 times (12.9%). Also, of the 62 times someone has entered more than once, only twice has that person won on their 2nd or 3rd entry. The third table shows year-by-year every person who has entered more than one entry and the results of their effort. In 2007, of the 13 who entered multiple times, just Troy B won money and on his first entry as well.

### INDIVIDUAL RESULTS
