Annex B – Competition System

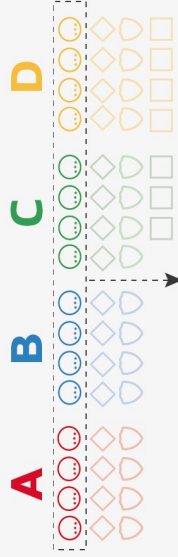

European Qualifiers 2018-20 play-offs

Regulations of the UEFA European Football Championship 2018-20, Art. 16-17

1

Qualification (Art. 16.01-03)

The 16 group winners from the UEFA Nations League 2018/19 (UNL) enter the play-offs, if not already qualified for UEFA EURO 2020 via the European Qualifiers group stage (EQ).

Starting with League D:

UNL 2018/19 GROUP WINNERS

Qualified for UEFA EURO 2020

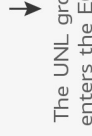

i.e. finished 1st or 2nd in its EQ group.

The spot goes to the next best-ranked team in the league.

Not qualified for UEFA EURO 2020

i.e. finished 3rd or lower in its EQ group.

The UNL group winner enters the EQ play-offs.

Not enough teams left from the same league?

The spot goes to the best-ranked team from the overall UNL ranking.

Group winners entering the play-offs are protected, such that they cannot face a team from a higher league.

2

Path formation (Art. 16.03)

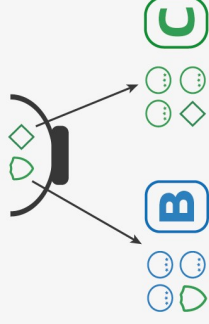

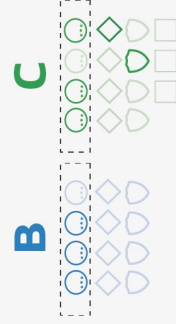

Once the 16 play-off participants have been determined, formation of the four paths starts with League D.

If there are at least four teams from the same league, a path with four teams of that league needs to be formed.

More than four teams from the same league?
Draw the team that stays in that league's path.

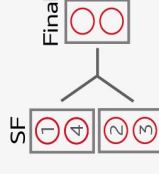

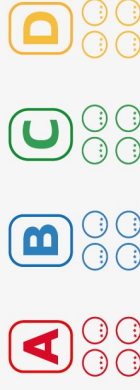

Group winners cannot face a team from a higher league.

3

Format (Art. 17)

In each path, teams are ranked from 1 to 4 based on the overall UEFA Nations League ranking.

What is the format?

The play-offs are played as single-leg knockout matches.

Which teams host their semi-final?

The teams ranked 1st and 2nd will play at home.

Who is the host of the final?

A draw is conducted in advance to determine which semi-final winner will play at home. This means that until the semi-finals have been played, the possible hosts of the final are two.
