Paying with Venmo or Google Wallet Send Money
 Now, besides mailing a check or PayPal, you can send money via your smartphone and pay no fees!

 Use [Google Wallet](#) (your Google Wallet app) and send your \$10 (per entry) to "smt0222<at>gmail.com"

 or Venmo (@smt0222)

-- just make sure you put your **NAME** and **NICKNAME** in the notes section so I know who it's from.

Paying with PayPal

PayPal is the most popular and established method of transferring funds between independent parties over the internet. Personal accounts are free. To pay via PayPal, you can click on the link below:

 **\$10.61 - No Credit Card Option (PayPal is now charging fees for Personal accounts!!! --- BUT, if you want to send just \$10.00, you have to do it the old fashioned way and log in to PayPal, click Send Money to "hwcihotmail.com", choose a *PERSONAL* reason (not a *PURCHASE* reason) such as "Gift", and send.**

If you don't already have a PayPal account, you'll need to sign up for one. In the past, because hwci@hotmail.com is a personal PayPal account (as opposed to Business or Premier), **we could not accept credit card payments**. If you try to send a credit card payment, it will be rejected. This means you will have to set up your PayPal account to withdraw from a verifiable bank account. To do this, you'll need your bank account number and routing number ready.

But now, to make things more convenient, if you prefer sending a credit card payment, you can now send \$10.61 (2.9% + 32¢ PayPal fees) per entry to smt0222@yahoo.com (which is a Premier account).

 **\$10.61 - Credit Card Card Payments Only**
