

HWCI NCAA POOL - The Last 3 Years

Here is the list of 46 entries from the 42 players who have participated in the last three years. Entries are ranked by total Power Points (PPT) (inverse of placement). Patrick N.'s two 4th place finishes the past two years puts him at the top of the charts with 223 PPT. David S. has no money to show for it, but he is tied with David F. with the most pool points the past three years with 351. Both are also the only two entries to pick 2 of the past 3 champs correctly. Gareth M. and Linh T. are tied for the lowest PPT with a measly 27 (average of 9 per year). How low is that? Of the 73 entries who have participated just once or twice the past three years, 60 have more than 27 PPT. Four have picked just 1 of the 12 Final Four teams correctly and six have missed all six finalists.
